JULY

Craft vocabulary

flag

wooden stick

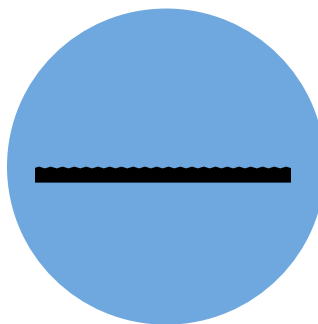

glue

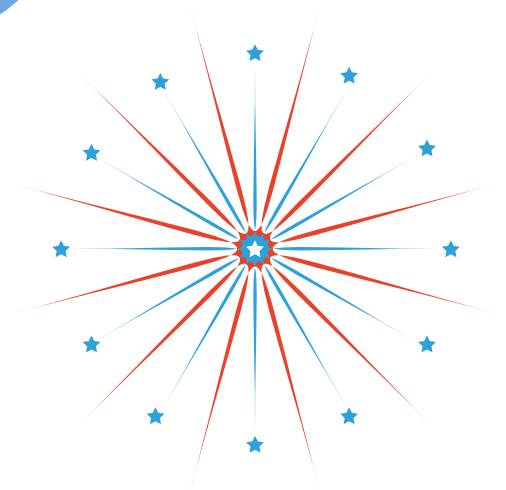

paintbrush

star

stripe

Let's get it started!

You need:

a dedicated assistant

red, blue and white paint

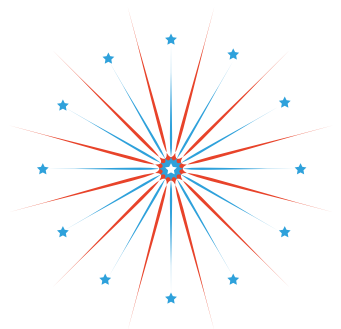

white glue

ribbon
(optional)

paintbrush

flat wooden sticks

masking tape
(optional)

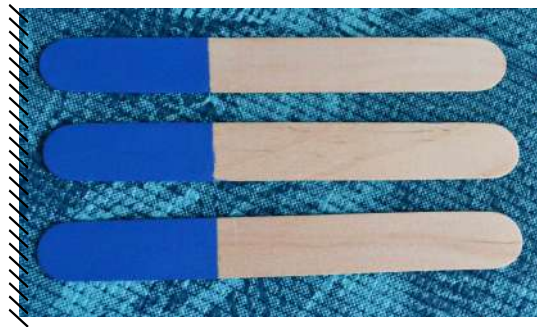

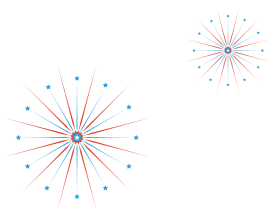

Step 1 : Paint the blue part of the flag

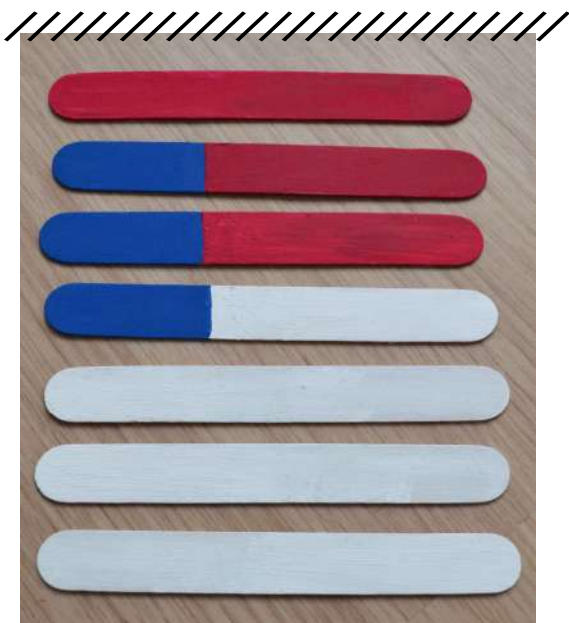

Draw a line on 3 sticks at about $\frac{1}{3}$ of their length.

Paint the left part in blue.

Step 2 : Paint the other sticks

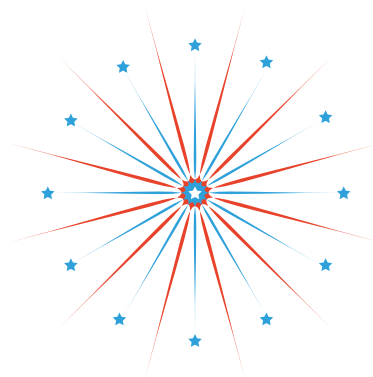

Paint the other sticks :

- 1 in red
- 3 in white

and on the ones you already painted in blue:

- 2 in red
- 1 in white

Step 3 : Create the supporting structure

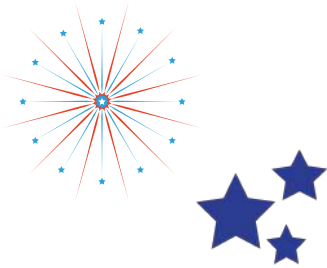

The supporting structure is made of 2 white sticks.

Put some glue at the end of one white stick.

Place the end of the second one on top of the glue and let it dry.

Put some glue on the 2 sticks.

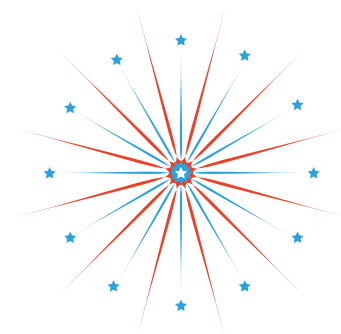

Step 4 : Glue the flag

Place a red stick and then a white stick on the already glued sticks.

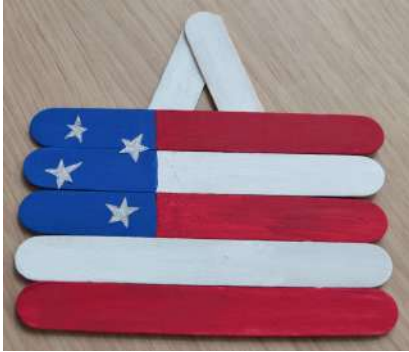

Continue the pattern making sure you follow the American flag pattern, by alternating the different stripes.

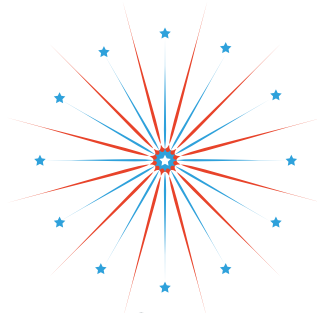

Step 5 : Add the stars

Add some stars on the blue part of the flag.

You can use masking tape, paper or stickers.

You can add some ribbon if you want to hang it somewhere.

There you go!

NEXT MONTH

Jungle

So many interesting animals live in the **jungle**. Next month you will learn the names of some of the many creatures that call the jungle home.
