Craft vocabulary

assistant

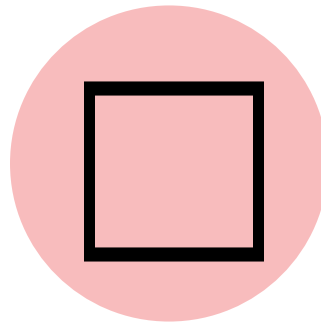

to weave

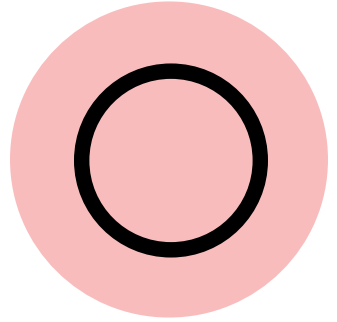

to fold

to cut

square

circle

loop

over

inside

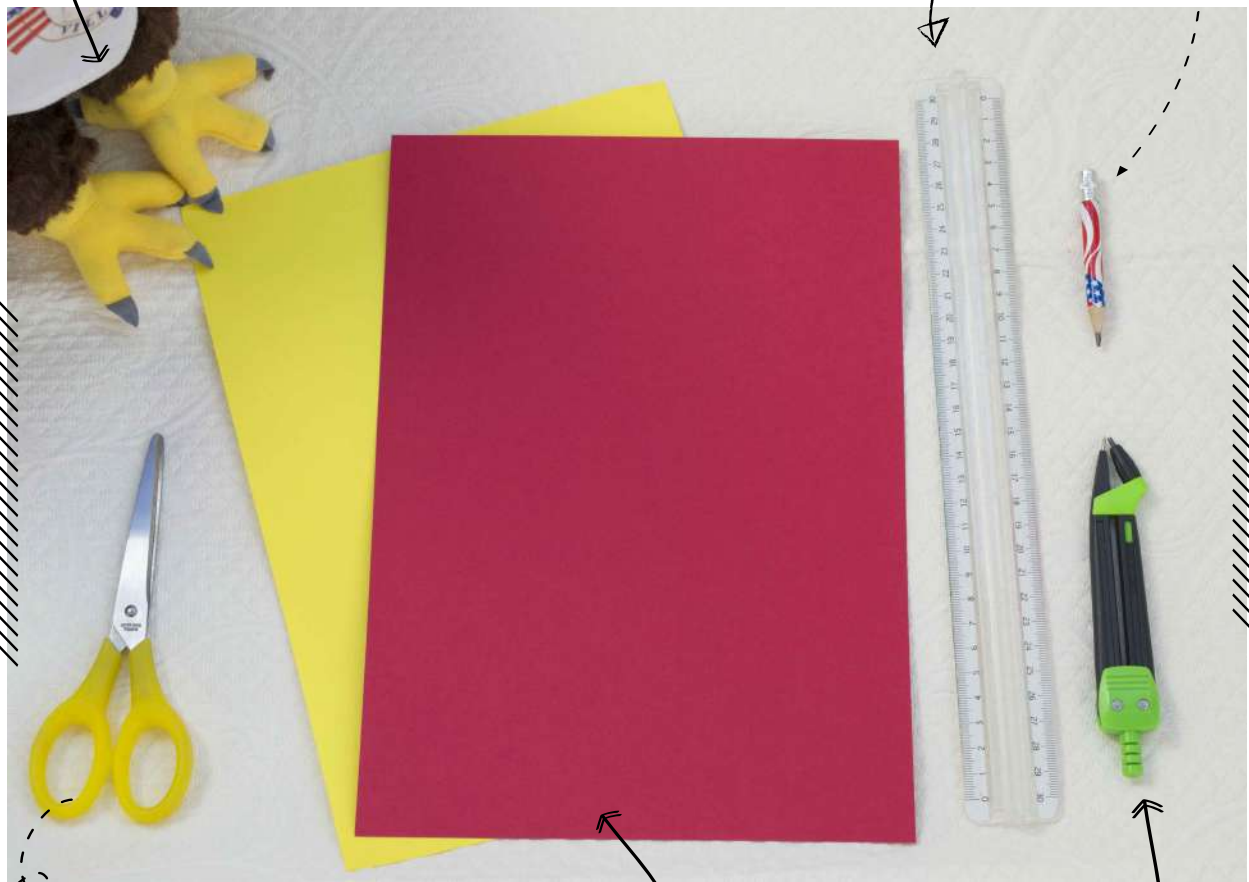

Let's get it started!

You need:

a dedicated
assistant

a ruler

a pencil

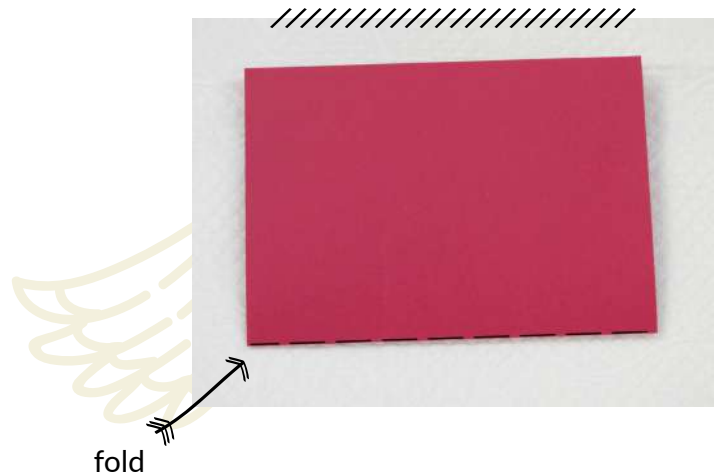

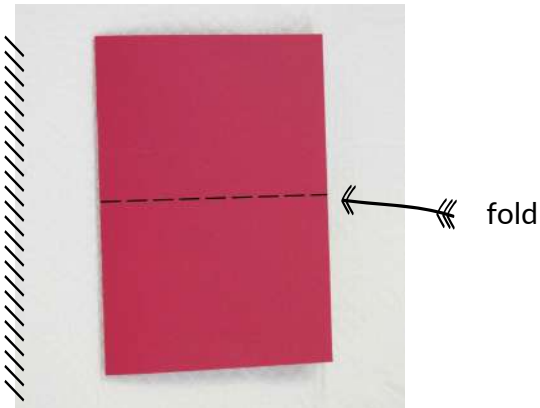

scissors

2 A4 sheets of
paper

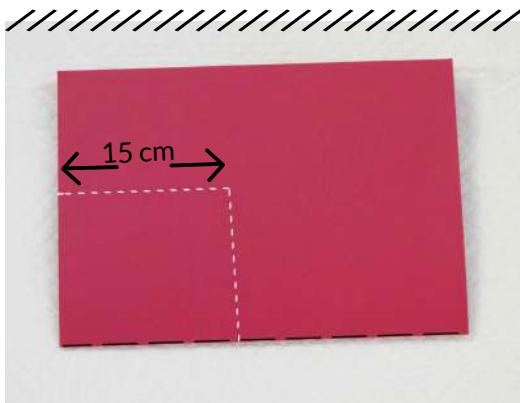

a compass

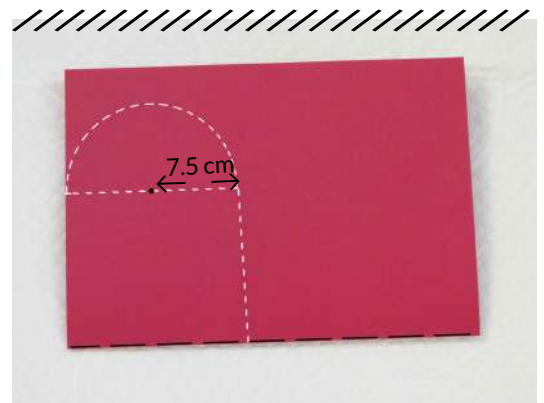

Step 1: Fold the paper in 2

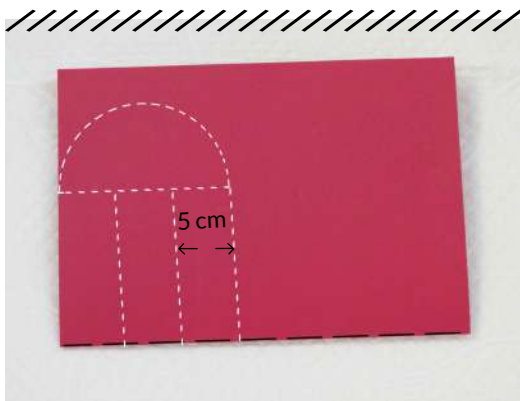

Step 2: Draw the half heart

Draw a square.

Add a half-circle at the top.

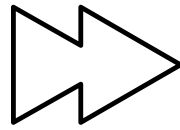

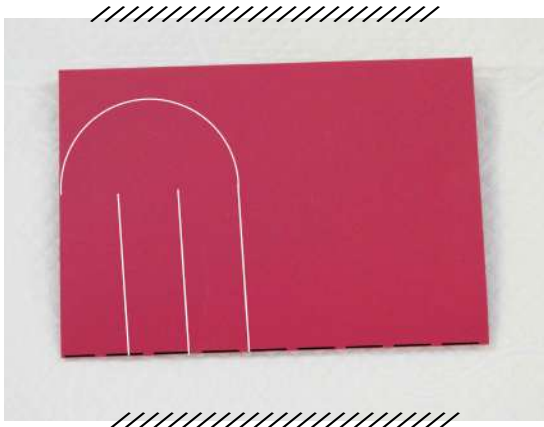

Then draw 3 identical strips.

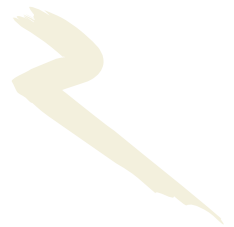

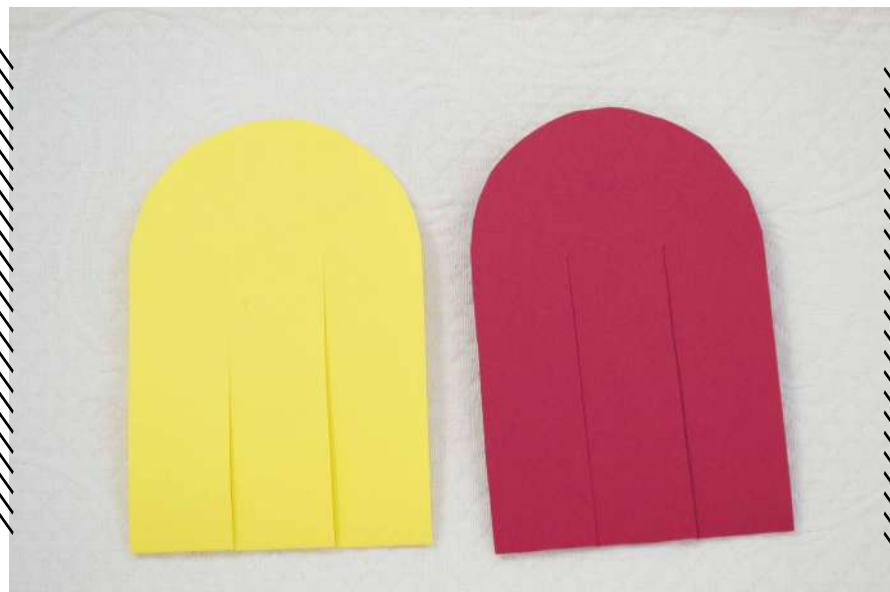

Step 3 : Cut the first half of the heart

Cut along the white solid line.

Step 4 : Cut the other half heart

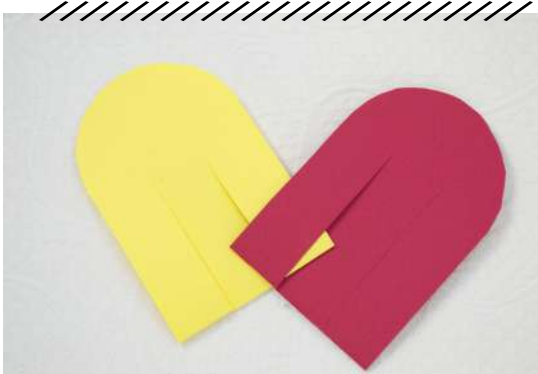

Repeat steps 1 to 3 on another sheet of paper (choose a different color).

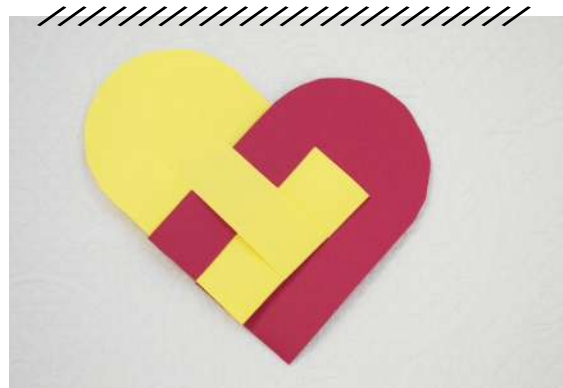

Step 5 : Let's start weaving!

Hold the yellow heart in your left hand, the red one in your right hand.

Weave the first loop of the red part over the first loop of the yellow part.

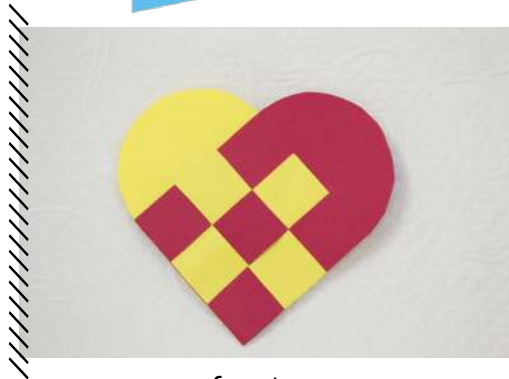

Weave it inside the second loop of the yellow piece, and over the third.

Step 5 : the second loop

Repeat the 4th step with the middle red loop, switching the pattern: inside the first yellow loop, over the second and inside the third.

There you go!

front

back

This is what you get when you finish weaving the 3 loops.

You can fill your
paper heart
with candies!
